

Construction Safety Consultant

East Coast Risk Management is a consulting firm specializing in Risk Management, Workplace Safety, Human Resources and Workers' Compensation. Our mission is to partner with client organizations to implement measures to identify, evaluate, and control risks associated with their business processes and human resources. Our goal is to help our clients maintain their competitive edge through shared knowledge and the integration of policies, procedures, and programs proven to mitigate risk through strategic management, legal compliance, & employee development.

We are seeking for a qualified safety professional with construction experience to manage safety on various construction projects located throughout the United States. Major Duties shall include but not limited to:

- Conduct daily safety and health inspections and maintain a written log which includes area/operation inspected, date of inspection, identified hazards, recommended corrective actions, estimated and actual dates of corrections.
- Conduct and document Jobsite Safety Observations
- Conduct daily contractor safety orientation
- Prepare and deliver safety toolbox talks and safety training topics
- Conduct mishap investigations and complete required reports.
- Attend the pre-construction conferences, pre-work meetings including preparatory inspection meetings, and periodic in-progress meetings.
- Prepare, implement and enforce Job Safety Analysis (JSA) and Activities Hazard Analysis (AHAs).
- Maintain a safety and health deficiency tracking system that monitors outstanding deficiencies until resolution.
- Ensure sub-contractors compliance with safety and health requirements.
- Issue safe work permits for contractor personnel

This site safety position requires at least 3 years construction safety experience and an OSHA 30-hour certification. A degreed safety professional is preferred. Qualified candidates must also be computer literate and proficient in Microsoft Office applications including Word, Access, Excel, Project, and PowerPoint. Open to 100% travel and possible relocation.
