

Senior Safety Consultant

East Coast Risk Management is a risk management consulting firm specializing in Workplace Safety, Human Resources, Environmental Compliance and Workers' Compensation. Our mission is to partner with our client organizations to implement measures to identify, evaluate, and control risks associated with their business processes and human resources. Our goal is to help our clients maintain their competitive edge through shared knowledge and the integration of policies, procedures, and programs proven to mitigate risk through strategic management, legal compliance, and employee development.

ECRM has a dynamic opportunity for a safety professional in our **Schuylkill Haven, PA** office. We are seeking a safety professional with a minimum of 2-5 years experience to join our team; but may also consider a vibrant new graduate from a college or university with a degree in safety sciences. Preferred candidates will have prior experience working to build and enhance a safety culture and be comfortable directing, guiding and implementing full-scale safety programs. Client relationships are long term and a component of your responsibilities will be to nurture these relationships as well as working with our sales team to approach new prospects.

The position requires a bachelor's degree, preferably in safety science or occupational health. Exceptional interpersonal skills are needed as well as strong verbal and written communication skills and proficiency in the Microsoft Office Suite. Local and area travel is required.

ECRM offers a full benefit package and retirement 401K savings plan. ECRM is an Equal Opportunity Employer.
